

EUROPEAN STURGEON ACCIDENTAL CATCH DECLARATION SHEET

SAVE OUR STURGEON

Information and awareness-raising campaign on the risks related to accidental bycatch of European sturgeon

Report an accidental catch:

Date Time Depth (m)

Zone (GPS or site)

Gear used Meshing

Species targeted

Sturgeon size (cm) Weight (kg)

Marking: No / Yes - Number

Return to the water: Alive / Dead - Injured / Uninjured

Others observations

All Information, even sketchy details, may help us to understand this migratory fish's marine biology (depth, fishing gear, general condition of the fish, observations, etc.). Do not hesitate to take photos of the specimen, if you can, before releasing it. Declarations are monitored and personalised gifts will be sent to fishermen taking part in this work.

Vessel and fisherman's details (confidential - The information concerning you is collected with one purpose in mind: to contact you to thank you and for additional information on the sturgeon caught)

Surname - first name

Name of the vessel Port

Home address

Country Telephone Number

Report an accidental catch and your details to one of the following contacts (send the declaration sheet or contact us directly by email or telephone):
